

# SHEPHERDSTOWN PRESBYTERIAN

## Meeting House Live! Participation Instruction

It looks as though we'll be worshipping from home for the foreseeable future. We hope we can get everyone to share in our *livestream* worship service.

Here are updated instructions, which should reassure those of you who are allergic to or overwhelmed by Facebook.

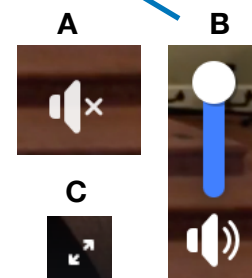

You can watch the livestream service **WITHOUT JOINING FACEBOOK** or the SPC's Public Facebook Group. Even though the broadcast will be **ON Facebook**, you should just be able to click the link below on Sunday at 10:55 a.m. just prior to the service at 11:00. It's like visiting any other web address. If you are a member, we encourage you to participate with comments.

<https://www.facebook.com/groups/spcworks/>

When you click on that link at worship time, you'll see something that looks like this.

The only thing you might have to do is to turn on your **sound**. Here's how you'd do that. Look for the **white speaker icon** with the "x" in the lower right corner of the video frame (image A). If you put your cursor on it and click, that should launch the volume control (image B). Move the white dot up or down to change the volume. You can also expand the image to fill your screen by clicking on the arrows (image C) next to the speaker.

Please practice. You can go to the SPC group now and watch last week's service, which is in the timeline and the Announcements section.

If you need assistance, please contact one of the following people. If you need help *during* the service, please contact Ethel Hornbeck.
